A Dead Man's Glands
All About the War—If
The Scorpion's Warning
Child of England? Hardly

By ARTHUR BRISBANE

There is no interest, and there should be more in the fact that the brains of men dead a hundred, a thousand years or more, preserved in their books, give mental health and vigor to millions.

England protests the action of Italy and Germany regarding the not yet established Spanish government of General Franco, leader of the insurgents, and probable dictator, if he wins.

There is the agreement between Berlin and Tokyo placing Russia between enemies East and West, in a peril to peace. As it happens, Germany also has probable enemies, Russia and France on the East and the West, and France and Russia have a pact which would probably drag in France, if Russia fight. France and Germany to fight. Germany and Japan would make an interesting war for any fortunate enemy to keep out of it.

England is so much agitated that the London Times awakes from a sleep undisturbed since Northcliffe died, and referring to Italy and Japan, speaks of "mutual admiration among thieves."

Japan is too polite and Italy too tactful to ask England, "How did you get all your colonies? Did you pay the Boers for their gold and diamond mines in South Africa, or the Zulus for their African possessions, did you pay Germany for her colonies taken after the war?"

Stalin, of Russia, preserves an unusual faculty, that keeping his mouth shut. He sent his first ambassador to Japan with these instructions: "Keep your mouth shut, your ears open, remembering that the Japanese know at least as much as you do."

Stalin said nothing while Hitler and Germany develop a week to announce his kind of government, he has said nothing about the anti-Russian combination between Japan and Germany.

Probably busy spending up his airplane and submarine factories, he has started something new, the first school of women machine gunners. Now operating in Moscow, the school has fifty-four girls learning to run machine guns.

In Washington, where they are responsible for the delivery of this country, the navy, acting for five hundred millions, plans to spend a million on the forty-five million on the air force.

Has anybody in Washington kept track of events in Spain. The Madrid government owns the Spanish navy, with fighting ships. How important have those ships been in this Spanish war, compared with a few airplanes flying over Madrid?

More pay increases, more bonuses, more distribution of accumulated surplus by big corporations.

Sixty thousand workers in textile and shoe industries learn that they are to have Christmas bonuses and better wages.

Today the General Electric Company and Mr. General Sweeney will probably be heard from, telling what the directors have decided to do.

As the French gentleman said, passing the fifth floor, having fallen from the tenth, "It was all right, if it lasts."

Some big corporations, pointing out surplus because the law compels it, may be sympathetic with the female scorpion, who takes her young out for a ride on her back, in the nice sunshine. As she crawls along, the little scorpions devour the inside of her body, finally leaving an empty shell.

The drastic Saturday surplus plan should produce several empty corporations shells.

The subscription stockholders should think of that.

A Labor member of Parliament says King Edward is visiting unfortunate coal miners in Wales, to win popular approval in connection with his proposed marriage to an American lady.

The King seems to have a really democratic "break" away from his interest in any "American ladies."

\$325 Champagne Fight 'Just Fun'

'Only Fooling' In Cafe

KETTI GALLIAN Joins Sparkling Wine Artillery

Hollywood, Nov. 20 (AP)—A "champagne fight" in a movie colony night club was described today by Ketti Gallian, volatile French actress, as "just a lot of fun."

Davies Succeeds Bullitt as U. S. Envoy to Russia

Washington, Nov. 20 (AP)—The appointment of Joseph E. Davies, prominent Washington International lawyer, as American Ambassador to Moscow was announced today by the White House.

Davies will succeed William C. Bullitt, who recently was appointed envoy to France.

The name of Davies, who took an active part in the recent presidential election campaign as a member of the advisory committee of the Democratic National committee, was submitted to the Russian government for approval before President Roosevelt left on his South Atlantic voyage.

A native of Wisconsin, where he was born in Watertown in 1874, Davies served as chairman of the Federal Trade Commission from 1912 to 1918 under President Wilson and was an executive member of the war industry board.

After acting as economic adviser

Russia Warned by Rome

ROME, Nov. 20 (AP)—A warning to Soviet Russia that Italy will not tolerate a "new center of Red revolution" in the Mediterranean was sounded today by authoritative Fascist quarters.

Any such attempt, it was emphasized, would result in the anti-Communist "defenses" of Italy, Germany and Japan moving from a passive to an active state.

Editorials in prominent afternoon newspapers stressed the warning, which they said was the direct result of an asserted announcement of an asserted announcement of the Italian government.

Death From the Air!

30 Skytrailers Rain Bombs on Madrid

MADRID—Heaviest aerial bombardment of war rocks Spanish capital. Thousands killed or wounded. Air filled with rattling planes. Many important buildings hit.

LONDON—Britain told Whites are ready to blast Red port of Barcelona to cutoff war supplies.

ROME—Fascist spokesmen warn Russia to stay out of Spain.

Washington, Nov. 20 (INS)—The United States government was warned today by the Burgos government of Gen. Francisco Franco, Spanish insurgent leader, of an impending bombardment of the loyalist port of Barcelona and that neutral shipping, if it remains in those waters, will do so at its own risk.

Two Pinned in Wreckage of Bomber

A Marine Corps sergeant, son of a Charleston widow, was killed with a young Marine lieutenant today in the crash of a huge bombing plane at Lohian, Md.

The victims were:

Sergeant Frank Egan, 31, son of Mrs. Agnes Egan, of 3 State street, Charleston, and formerly of 12 Green Avenue, Baltimore.

First Lieutenant Alvin R. Kene of 1401 N. 1st street, Baltimore.

The plane had been in the air an hour when the plane was seen by witnesses on the ground to be badly damaged, falling low and at tremendous speed, near a school building.

By a structural witness, though it was going to crash into the school, it was seen to be falling away from the school.

A teacher at the school was the first to see the wreckage. He found both men crushed to death. The plane did not catch fire, according to witnesses. Kene was a crash was continuing and shut off his motor.

SAVING OF PORTLAND
An ambulance crew, assisted by teachers and pupils, extracted Sergeant Egan's body but had no hope for his recovery. A nurse later took it to the hospital.

CITES ATTACK BY MSGR. RYAN

Chicago, Nov. 20 (AP)—The Rev. Charles E. Coughlin says in next Monday's edition of "Social Justice" that he suppressed activities of his National Union for Social Justice because of "a barricade built by the laity and the clergy in America."

"I shall not continue to wage the battle which I have fought," he says, "as long as the generals are indifferent and as long as my fellow officers are in such flagrant disagreement."

"I have not deserted the members of the National Union. Together we will dig ourselves in the front trenches awaiting the invasion from the generals in command to advance."

Cites Msgr. Ryan

"The clerical attacks against me have been more numerous, more persistent, yet, perhaps, characterized by less talent of malice."

"As an example of this type, permit me to cite the case of Monsignor John Ryan, paid employee of the New Deal government and spokesman for the Democratic national committee."

"Father Coughlin says he is 'certain' that 'you cannot get rid of abuses of the national capitalism and you cannot prevent the march of Red Communism by merely preaching against these two evils. Action must be taken.'"

"In a Democratic country... Democratic action can be achieved only through Democratic ballots. I am endeavoring hereby to arouse the clergy of America, who hoping to awaken his fellow citizens from their apathy, arouse them under contemptuous leadership of their brutal enemies, to remind them that life on earth is a warfare and that a priest's place is in the front trenches."

Msgr. Ryan Says Article "Reckless Talk"

Washington, Nov. 20 (AP)—Monsignor John A. Ryan said today a reference to him by Father Coughlin in a forthcoming article in "Social Justice" was "just an example of reckless talk."

He said after a radio speech he made during the campaign to elect Father Coughlin's attacks on President Roosevelt was on broadcast time paid for by the Democratic National Committee.

In a broadcast under auspices of the Democratic National Committee, Monsignor Ryan added that Father Coughlin's explanation of economic misdeeds "is at least 50 per cent wrong and his remedies are at least 90 per cent wrong."

Plea Heard, Gloria Gay

LADY FURNES GLORIA VANDERBILT

Heiress Gloria's Mother With Titled Sister

New York, Nov. 20 (US)—Mrs. Gloria Morgan Vanderbilt, elated at word that Supreme Court Justice Cardozo will comply with her request to reopen the case in which she lost custody of her daughter to Mrs. Harry Payne Whitney, looked forward confidently today to winning her "last ditch" fight to recover the child from 14 aunt.

When word was brought to her own shop in East 58th street, she said: "I am glad Justice Cardozo has consented to hear my plea. I hope he will hear it in open court. I want to convince him and everyone else that I love my daughter and I am able to rear her in the best possible way."

Justice Cardozo went from Doctors' Hospital, where he is ill, to an apartment in New York City to hear the case. Mrs. Vanderbilt, who is ill, is expected to be in court to see her mother's appeal.

The joint petition of Mrs. Vanderbilt and Mrs. Whitney, filed two weeks ago, when he gave Gloria to his aunt, said that she might apply at any time in the future, pending three years to have his decision modified.

He has not yet decided whether the case will be heard in open court. He may hear testimony himself or accept a written brief. One attorney for Mrs. Vanderbilt and Mrs. Whitney.

Mrs. Vanderbilt feels that when Justice Cardozo closed the doors of the courtroom, in public and public.

Ready For New Custody Battle

MUCK Engulfs 1200 IN JAPAN

MINING DAM BREAKS

By JAMES R. YOUNG Tokyo, Nov. 20 (US)—Sweeping down steep hillides to engulf in sleeping villages, millions of gallons of poisonous copper sulphide muck today killed an estimated 1200 persons in the sulphur mining district of Akita Prefecture, northern Japan.

The deadly torrent of alkali also ended outbreaks from a huge brown reservoir of the Mitsubishi Mining Company's sulphur mines after a terrific downpour weakened the earthen dam.

Disaster struck with a roar in the darkness at 2 a. m. obliterating the village, smashing 400 houses, hurling the wreckage into the Nishitogawa river.

Only 75 of the 1200 sleeping victims of the village, all miners and their families, are known to have escaped from the flood of poison. The little village is now a desert of mud and debris.

Scores of bodies are being taken hourly from the swollen river. Scores of them are the corpses of women, whose dead babies clasp in a death grip.

Rescue, doctors and nurses were rushed to the scene of the catastrophe from Akita, but there was only a handful of injured survivors to care for.

The sulphurous solution was used for washing the copper ore from the mine. Among the villages engulfed were Marukawa, Shinbunoguchi, Nakazawa and Shimbun.

When discharged servants were looking charge of her, she lost the opportunity of putting her answer before the world.

WPA Shift May Mean New NRA

Revival of the National Recovery Act in some form as seen in Massachusetts today following the appointment of Lieutenant-Colonel John J. McDonough of Rollinsdale as works progress administrator in Acitg.

McDonough is well acquainted with NRA principles and methods and his appointment comes at a time when in Washington there is much talk of "renewing" the WPA and reviving the NRA.

FITS NEW PLAN

McDonough is well acquainted with NRA principles and methods and his appointment comes at a time when in Washington there is much talk of "renewing" the WPA and reviving the NRA.

From a local and administrative point of view the appointment of McDonough fits into the plan very nicely. Political observers remark:

Prior to this new appointment McDonough was director of the labor management division of the Works Progress Administration in Massachusetts for 13 months.

From a source close to Edwards the Boston Evening American learned that McDonough did not accompany Edwards to Washington and was summoned by Hopkins after Edwards was on his way.

In Washington it was reported that Edwards would be given an "important" post. Hopkins, who made the announcement, did not elaborate upon the position Edwards will fill. It was rumored that it would be in the labor department.

Including a \$10,000 to Harvard for use for deserving students."

\$10,000 to Harvard In Will of Welles

Including a \$10,000 to Harvard for use for deserving students."

He will be Benjamin Welles, father of Sumner Welles, undersecretary of state, was filed for probate at Riverhead, N. Y. today, according to dispatches.

COURT UPHOLDS BABY RACE 10 Mothers Eligible for \$775,000 Prize

Continued from First Page

death of Mr. Clark's description of the will as "uncommon and capricious," but nevertheless ruled that it is valid.

"The big problem now is to decide the winner of the race."

"To sum up the contest," said the judge, "I do not think the will can be attacked upon the ground that it tends to encourage immorality, for the distribution is confined, in my view, to the mothers of legitimate children only, and if there is any ambiguity the will must be construed in the sense upholding its validity."

"I therefore answer the question submitted and hold that the cause referred to is valid."

DISREGARDED KIN

"I should like to say a word concerning Mr. Miller," said the judge, at one point. "He rightly described his will as 'necessarily uncommon and capricious,' and his estate as proof of his folly in 'gathering and retaining more than I required in my life time' more relatives as having no claim upon him, for he states that 'I have no dependents or near relatives and no duty rests upon me death.'"

"As to the effect of such a gift, the testator's attitude seems to me rather like the throwing of a handful of coins for the scramble for them."

"The judge had a harsh observation about the relatives bringing suit for the prize, he said: 'The argument by the next of kin purports to be based on the high motives of public policy and not upon mere greed,' he said. 'But the next of kin have waited until all the born possible has been done, instead of preventing their claim immediately after Mr. Miller's death, when evils resulting from the tendency detrimental to public policy set forth might have been avoided.'"

BLOW TO MRS. CLARKE

Mrs. were inclined to interpret the judge's comment on "legitimate children only" as a blow to the hopes of Mrs. Pauline Mue Clarke, one of the prettiest of the competing mothers. Mrs. Clarke has admitted that five of her nine children were born after she had parted from her husband.

However, Mrs. Clarke's lawyers were not at all perturbed. C. E. McKewen, counsel for Mrs. Clarke, said inasmuch as Mrs. Clarke never was divorced from her husband, her children were not born out of wedlock and are as legitimate as any others.

"We are not going to appeal," said the lawyer, "because we say all her children were born in wedlock and are legitimate."

Earlier Mrs. Clarke, the leading contestant and the number of children entered by each follow: Mrs. Lillian Kewen, 3; Mrs. Arthur Timmer, 2; Mrs. Clark, 9 (10 counting one born outside city limits); Mrs. Albert Smith, 2; Mrs. Isabel McLean, 2; Mrs. John Nagle, 3; Mrs. Oak Greening, 2; Mrs. James McBurn, 2; Mrs. Stefan Durrig, 2; Mrs. George Baggett, 2; Mrs. Charles Anderson, 2; Mrs. Charles Kutt, 2; Mrs. John Fegan, 2; Mrs. Charles MacIntosh, 2; Mrs. K. L. Carter, 2; and Mrs. Pearl Barton, 2.

ACTION AWAITED ON TUCKERMAN PLEA

PETITION REFERRED TO DEVER

Action on the petition to prevent Bayard Tuckerman, Jr., wealthy sportsman and socialist, from taking the Governor's Council seat to which he was elected November 3, rested in the hands of Attorney-General Paul Dever today.

The petition, brought by eight residents of Essex County and asking for the removal of Tuckerman from the Governor's Council seat, was unanimously referred to Dever by the Executive Council, to which it was presented.

Money Talks

Proceedings will also be brought against Tuckerman, leader in the North Shore society circle and host to King Edward VIII on the latter's visit here as Prince of Wales, in superior court under the corrupt practices act, the petitioners state. It was also passed to file a bill in the Legislature taxing the right of Tuckerman to the executive seat, and request will be made in Attorney-General Dever to act in prosecuting the case.

Tuckerman allegedly used money extensively and purchased clothing and liquor to influence voters and spent more than the maximum allowed.

The action against Tuckerman had into the background the corruption and power which have been life in the state House in the past week, according to Governor Dever's plans for appointments before the end of the session.

Under strict orders from his physician, the governor remained at his home yesterday and today, as a result, the anticipated hearing in the matter of Dr. Wilfred Owen, as head of the department of mental diseases was postponed.

Next week's council session will probably be held Wednesday in view of the Thanksgiving holiday, and the five-day delay may come up at that time.

The council was occupied yesterday in the official ceremony of the year for Lieutenant Governor Francis E. Kelly and Speaker Laurence Saltonstall. The official session gave Kelly a surplus of \$1,000 votes instead of the \$507 he was given originally in the first count.

Lives On DIAMOND CLIPS KING'S GIFT TO WALLY JEWELS RESEMBLE ALEXANDRA'S

By DAVID P. SENTNER

London, Nov. 20.—Mayfair buzzed with talk today over a magnificent new pair of diamond dress clips worn for the first time by Mrs. Wallis Warfield Simpson at the Covent Garden Opera House on Wednesday night.

They are according to a close friend of the former King, "the most perfect pair of diamond clips ever made, her latest gift from King Edward."

Interest in the jewels was heightened by their similarity in style to the famous pair of the late Queen Alexandra. Each clip contains a large pear-shaped diamond mounted in a type of setting fashionable in the 18th century.

Other gifts of the same set as well as a large American-made diamond necklace have been reported previously. The International News Service established today that one of the gifts, the necklace, was not a present from the King. Mrs. Simpson had had it for some time.

The necklace is composed of two strands of thick, flat oval-shaped diamonds. One ribbon forms a choker while the other dangles in

King's Proctor, Divorcees' Guardian, Blasted in Commons

London, Nov. 20 (AP)—The King's proctor—historically the supervisor of the conduct of Mrs. Wallis Warfield Simpson until her divorce became final—was today called as a "farce" today by a woman member in the House of Commons.

Somehow, told startled members of the House, "People who are getting a divorce by mutual consent are using the cloak of misconduct to get it. The King's proctor is a farce. He only intervenes when he receives an overwhelming number of anonymous letters."

At the House considered this phase of English marital law, the British Mothers' Union also out with some heat against "all this gossip" about King Edward and Mrs. Simpson.

Big Doings at White's
beginning tomorrow, Saturday

R.H. WHITE CO.

Popeye in Person

- The real POPEYE himself... the same POPEYE who makes the sound effects in the movies...
- You've heard him on the radio too...

The one and only, the real POPEYE whose voice everyone has heard in the movies... How he can get up there and roar and yell! You ought to hear him make a hole hand with his throat. RUSSELL 'BET-DEATH' PROBE TURNS TO THREAT THEORY

Los Angeles, Nov. 20 (INS).—A sinister warning that he was marked for death threw Reid Russell into such a panic that he killed himself on the estate of his friend, Gouverneur Morris, distinguished novelist, last September 25.

That was the latest theory advanced today in regard to the strange developments in the attempt to determine whether the 28-year-old son of an old Virginia family was a murder victim, or killed himself, as was first believed.

LURED BY WOMAN

The latest murder theory was that Russell was lured by a beautiful woman into an international gun running ring, leading to which threatened to kill him when they believed he had betrayed their secrets.

Mrs. Virginia Russell, mother of the dead man, who wanted he had been murdered and caused the investigation of his death to be reopened, told authorities he was having an affair with a married woman. Certain investigators believed this woman was connected with the gun running.

Detective Louis Hays, Jr., however, revealed that Russell had confided to him the Sunday before his death that he was involved in a gun running enterprise.

SUICIDE INDICATED

Strengthening the suicide theory was the report by Frank Webb, a writer, that Russell's mother said that the bullet which killed Russell

Augur Bores Skull, Cures Nerve Ills

Baltimore, Nov. 20 (AP).—A new form of brain surgery which is a few inches from being given publicity, is being offered to persons suffering from alcoholism, worry, depression, anxiety, sleeplessness and nervous tension was announced today before the closing session of the Southern Medical association.

Dr. Walter Freeman and Dr. James M. Watts of the George Washington University Medical School, Washington, D. C., described the operation, which to date has been performed on six patients, all of whom have been materially improved, they declared.

The operation consists of boring two holes with a surgical auger through the skull. Through these appear holes a hollow needle is inserted into the brain and through the needle, by means of an attached wire loop, six cores of white brain tissue about the size of a marble are removed.

The operation, it was explained, tends to put a brake on the activity of the frontal lobes as they affect the personality of the individual.

Hold Her Sons Before Train, 3 Die

Norwood, N. J., Nov. 20 (INS).—A grief-stricken young husband and father could offer no explanation today for the tragedy that

went out his family last night. Mrs. Belle Paulson, 33, sleeping in her own bed, Room 10, at the Hotel Norwood, died before an oncoming Great Northern passenger train last night. All were killed.

Barrymore Home, Yacht for Sale

Hollywood, Nov. 20 (AP).—John Barrymore and Mrs. Barrymore, No. 4, the former Elaine Barrymore, were getting settled in a new home today.

It is near the Tower and hotel where Mrs. Barrymore, No. 2, Dolores Costello, used to live, and which Elaine has asked John to sell.

The bride and groom are disposing of Barrymore's yacht.

Hit by Truck

Burlington, Nov. 20.—John Hurst, 54, who suffered a fatal injury when struck by a truck as he crossed a street here, is recovering at Chase Hospital, in Woburn.

HARRISON SEES NO BOOST IN FEDERAL TAXATION

Washington, Nov. 20 (INS)—Declaring that there will be no increase in Federal taxation in the next year, Senator Pat Harrison (D) of Mississippi, chairman of the Senate finance committee, today predicted that Congress will consider modification of the "revolutionary" corporate surplus tax law.

"The administration, he added, may reach the goal of a balanced budget in the fiscal year beginning June 1, 1937.

While Congress will consider modification of the corporate surplus tax law, which permits a corporation 25 per cent of its earnings at its discretion, he predicted that basic principles of the law will be preserved.

SEEL'S LAW TO STAND

"So far as proposals for abolishing the corporate surplus law are concerned, that is out of the window," said Harrison.

He predicted that Congress will refuse to change the present tax provision of the far-flung Federal surtax program. He also predicted that Congress will not make exceptions, beyond about \$50,000, 600 in miscellaneous sales and insurance taxes which expire next June 30.

"I think the corporate surplus tax law has had an influence in raising wages, restoring the value of stocks and giving added pur-

chasing power," said Harrison. "It is a sound law but inequalities always creep in through time."

LIBERALITY NEEDED

"Congress will consider the law with a view to trying to provide a more liberal basis, respecting those corporations in debt because there are, no doubt, some corporations which would be necessary to borrow money to carry through the lean years. If we can write a fair 'cash-in' provision I have no doubt that Congress will do it."

"If we can write a provision that will encourage modernization, retarding or expansion of plants through more liberal tax treatment it should be done."

"There will, in my opinion, be no retroactive changes in the corporate surplus law. Any changes would affect the calendar year of 1937. We cannot make many more experience with the law."

Fay's Dad Tells Love Of Vallee's

Belle Meade, Calif., Nov. 19 (AP)—Belle Meade's message that to "never forget" her late husband, Fay Webb, gave solace today to his father.

Unable to attend the funeral here tomorrow because of engagements in New York, the radio station informed Police Captain Clarence E. Webb.

"I am with you in your great sorrow. I never stopped loving her."

"It was the same with Fay," Webb said. "She would say: 'I still love her.'"

Webb has kept concealed a radio engagement which would have come a day after Miss Webb's death from pneumonia. They were divorced this year.

Farley Visits His Ancestral Home

Cincinnati, O., Nov. 19 (AP)—President-elect Charles C. Farley visited his ancestral home here today after a day after Miss Webb's death from pneumonia. They were divorced this year.

POPE HITS CODE PROPOSAL ON 'LEGITIMACY'

Vatican City, Nov. 20 (AP)—Pope Pius denigrated sharply today against proposed changes in the Italian civil code which would legitimize children born out of wedlock.

"Everything 115 newlywed couples, the Holy Father was quoted by the authoritative Vatican newspaper, *Quotidiano Romano*, as saying.

"These innovations are called during. But to us, as the supreme pastor of souls, they seem not only during and antithetical, but truly menacing."

The Pontiff added: "It is affirmed that the innovations would be proposed in order to improve the heritage of the surviving spouse and for humanitarian understanding in the consideration of natural children—they would not be called illegitimate but natural."

"It seems to me that it would be to put the legitimate family on a level with the illegitimate family."

The Pontiff continued: "I am one of the greatest enemies that could be launched against a people and upon a country."

Pooch, 14, Laid to Rest In River

New York, Nov. 20 (AP)—Pooch the poodle was buried today.

The 14-year-old Pomeranian which was going to Hollywood to see the sights in care of its mistress, Miss Claude Lombard, was lowered over the side of a 454 street ferry into the Hudson river shortly after midnight.

In the earlier when Miss Lombard, French movie actress, purchased the Pooch's burial was the dog's earthly efforts an embittered owner which the actress herself made a couple of pillows a cold weather coat and a rubber ball.

Pooch, which appeared in several films with Miss Lombard, succumbed to "complications" following removal of an ailing tooth.

GERMAN-JAPANESE ANTI-RED POLICY BEING SHAPED

By PIERRE J. HUSS

International News Service Correspondent

Berlin, Nov. 20 (AP)—An understanding on foreign policy between Japan and Germany is in progress of negotiation, a high official source today authorized International News Service to announce.

"Nothing as yet has been signed," the authority emphasized, however, and it is insisted that no clause of a military nature will be included in the agreement.

This was the first official confirmation since news of the Tokyo pact that an anti-Communist agreement between Germany and Japan is being concluded.

Official circles in Berlin admitting that the anti-Communist pact is the world danger of Communism, the pact is in a preliminary stage, and the projected understanding is being held.

IN CLOSE TOUCH
Tokyo and Berlin will keep each other closely informed of developments in the spread of Communism.

Italy is not included in this pact, it was learned, but the recent conversation between Reichsmarshal Adolf Hitler and Count Galeazzo Ciano, the Italian foreign minister, Tuesday in a preliminary stage, indicating the French and Italy is in a united front against Communism.

The first concrete demonstration of a German-Japanese understanding came today, when the Japanese ambassador, Adachi, and the ambassador of the Japanese embassy formally visited the Nazi foreign organization in the Thiergarten section.

They were ceremoniously received by the Nazi foreign minister, Dr. Goebbels, and the visitors were escorted by a special guard of honor composed of naval troops.

The visitors were shown over the extra building erected by the Japanese department of the party's foreign organization.

Hitler personally was addressing a gathering of Nazi regional leaders at Völklingen.

AUSTRIA-HUNGARY PACT
Diplomatic circles believe efforts are also being made to form Austria and Hungary into parallel agreements calling for joint stands against Bolshevism.

Such negotiations are being carried on in connection with the visit of Dr. Goebbels to Vienna, the Austrian foreign minister, who has been conferring with Hitler.

Finland to Pay Again on War Debt
Helsinki, Finland, Nov. 20 (AP)—Finland will pay war debt installment due the United States December 15, authoritative sources here today.

"The small Baltic nation is the only debtor which has not defaulted on its obligation to the United States."

Madrid Hit By Scores Of Bombs

Continued from First Page

out the city, causing flames and smoke which obliterated the capital.

At the same time they showered handbills calling on the population to surrender.

BOMBING TERRIFIC
While the warnings flattered, the White planes performed the most sensational feat, with air battles costing three planes and Red revolution and a new base of Communist military and political operation.

Ostensibly alluding to the French popular front, Geyda declared that any great power, exerted through the Montreux Treaty to open up Mediterranean ports, to armed Mediterranean Soviet ships, Italy and other strong, decided European nations are determined to meet a strong group to keep the action from becoming at the start an irreparable destruction of European order.

British to O. K. Port Bombings in Spain
London, Nov. 20 (AP)—The Spanish insurgent government prepared to destroy the Port of

RUSSIA WARNED BY ROME, BRITAIN TO O. K. BOMBING

Continued from First Page

the Spanish Socialist Premier Francisco Largo Caballero that all Spanish ports would be blockaded.

Virginia Geyda, chief of the Communist and sometimes called Premier Benito Mussolini's spokesman, declared in the newspaper El Giornale d'Italia:

"It should be clearly stated without useless words that Italy does not intend there shall be planted in the Mediterranean Spanish territory a new center of Communist military and political operation."

Eden, bombarded with questions at the opening of the session, said that British troops are being sent to the port of Barcelona to clear its waters.

The communication added, that the "real nationality" of most ships carrying the supplies was "Russian and Spanish."

The foreign secretary said the communication continued: "The national (Fascist) government, being resolved to prevent this traffic by every means

Krupp Fete Finds Output At New Peak

Kessen, Germany, Nov. 20 (AP)—The historic Krupp gun works celebrated its 150th anniversary today, higher than at any time since the World War.

The payroll now includes more than 100,000 workers (in the World War there were 151,000). One of the most pressing problems is the shortage of skilled labor.

of war at its disposal, will even go so far, if necessary, as to tolerate the port."

Appended to the declaration was a warning to foreign shipping to abandon the harbor, the foreign secretary told the members, Foreigners and non-combatants were advised to leave the eastern coastal city, he said.

Eden last night instructed Sir Henry G. Chilton, British ambassador to Spain, to contact a representative of the insurgent general, Francisco Franco, for details of the asserted plan.

BAR INTERFERENCE
Britain, at any rate, will not tolerate interference with British shipping on the high seas. A distinction was drawn between shipping in Spanish territorial waters, which may be the scene of military operations, and shipping outside territorial waters, or the "high seas."

76 U.S. REFUGEES YAWN AS SPAIN WAR RAGES

Madrid, Nov. 20 (AP)—Yawning boredom, amid the roar of battle and the heart-grinding drone of Fascist bombing planes overhead, has settled like a drug over the little colony of 76 refugees voluntarily "imprisoned" in the American embassy here.

After leaving the embassy grounds, most women and children whose active peace-time lives have suddenly been reduced to isolated leisure find ennui even more disturbing than bombardment.

For nearly a month, most of them have not stepped outside the embassy quarters.

Ironically, while war rages within earshot, the men have taken up target-shooting with small rifles.

The minor popping of their guns frequently drowned by the din of more serious shooting outside, can be heard from morning to midnight in the gardens of the palatial embassy.

The women knit garments for children and the sewing machine placed in the main salon as kept running all day.

Still, time hangs heavy on the colony's hands. One New York girl was so bored she devoted five days to solving a complicated figure puzzle—the first time in my life I ever had the patience to start one," she said.

Conversation has fallen to a low ebb. One girl even spent hours counting and recounting the small time-stones in the embassy's spa-

3-Cent Robbery Killer Is Hanged

Winthrop, Nov. 20 (Canadian Press)—Ian Murray Bryson, 22-year-old slayer of a Winthrop policeman in a 3-cent robbery, was hanged today in Haddingly jail.

After leaving the prison, Bryson was taken to the gallows.

The minor popping of their guns frequently drowned by the din of more serious shooting outside, can be heard from morning to midnight in the gardens of the palatial embassy.

The women knit garments for children and the sewing machine placed in the main salon as kept running all day.

SUICIDE BRINGS CRISIS

French Leftists Plan Fascist War

Paris, Nov. 20 (AP)—Fury over the suicide of Roger Salengro, minister of the interior, was kindled today as Anarchists slipped legal barriers throughout the city, demanding an "armed struggle" if necessary against Fascism.

The government was alarmed that the movement of Leftists, who charged that Salengro's assassination was the result of a Fascist plot, might lead to more violence.

Rightists were ordered into the city from the provinces.

Officials were particularly anxious about preserving order Sunday, a huge Communist-called street protest against

Fascism—the assassin which killed Salengro—was to be staged then to coincide with the minister's funeral at Lille.

The entire cabinet, 200 deputies and 100 senators planned to attend Salengro's funeral, as well as thousands of Paris Leftists, for whom there were to be special trains at 50 per cent reduced fares.

The government, meanwhile, sought enactment of stronger laws against defamatory press attacks. It will present a bill to the Chamber of Deputies Nov. 21 which would alter French law, would subject editors and others responsible for newspaper articles to criminal prosecution for defamation.

Louisiana Rail Strike Settled

Baton Rouge, La., Nov. 20 (AP)—Governor Richard W. Leche announced today settlement of the violent Louisiana and Arkansas railway strike. Representatives of the four brotherhoods, which walked out on September 19 and the approximately 200 strikers would "soon be back at work."

St. Louismen had died in service and one was shot from ambush in the cab of his engine since the strike started. Numerous dead-enders have been injured, bridges have been burned and men and women sympathizers have been killed and arrested. Freight and passenger trains and boats have been stopped.

Stalin to Address Soviet Congress

Moscow, Nov. 20 (AP)—Joseph Stalin, secretary of the central Communist committee, will address the eighth "Congress of Soviets" meeting in Moscow November 25. It was announced today. The session has been called to discuss the proposed new constitution for the U. S. S. R.

B. MELVIN PURVIS
CHAPTER XXXIV

In the meantime, while the country at large was picturing the Special Agent as a battle-scarred gang-chaser, there were many other and more peaceful pursuits requiring his attention.

the 1990s, the number of people in the world who are under 15 years of age is expected to increase by 1.5 billion. This increase is expected to be concentrated in the developing countries, where the population is expected to increase by 2.5 billion. In the developed countries, the population is expected to increase by 0.5 billion. This increase in population is expected to have a significant impact on the environment, particularly in the areas of water, land, and air pollution. The increase in population will also have a significant impact on the economy, particularly in the areas of employment and income. The increase in population will also have a significant impact on the environment, particularly in the areas of water, land, and air pollution. The increase in population will also have a significant impact on the economy, particularly in the areas of employment and income.

YOUNG, DILLING, ET AL.

BEN BURE, INC., BOSTON, MASS.

Three thrilling years in a special agent's life in Chicago are summarized tomorrow by Melvin Purvis in his thrilling "American Agent" series in the Boston Evening American.

**HOW TO GET EXTRA VALUE
IN A STRAIGHT WHISKEY**

A STANDARD measure of value in a straight whiskey is *proof* . . . the strength of the whiskey. Just as "100% wool," "100% pure silk," is the measure of good fabrics, so 100 proof is "top" straight whiskey just can't be as smooth, as mellow, as they like a whiskey to be. We believe . . . and its phenomenal sale certainly proves . . . that Old Mr. Boston Straight Whiskey is an exception . . . a 100 proof straight whiskey that is as smooth as any whiskey you ever tasted. That is why so many people now buy Old Mr. Boston 100 proof Straight Whiskey—not once but again and again.

Buy a bottle of Old Mr. Boston 100 Proof
Straight Whiskey tonight. Taste a full, ripe
flavor that lingers pleasantly without a trace
of "bite" or harshness. Then recall how little
you paid for this treat because of the extra
value of full 100 proof.

Bridge

It Used To Be Easy

By JOSEPHINE FERRERSON

In the days when I was a child, I was one of the many who used to play bridge with my friends. It was a game that was easy to learn and easy to play. It was a game that was fun and interesting. It was a game that was a part of our lives.

I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

At one time, I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

At one time, I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

At one time, I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

At one time, I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

At one time, I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

At one time, I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

At one time, I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman. I was a child, I was a girl, I was a young woman.

'36 THANKS CHEAPER

Vegetables Higher, Fowl Lower

With prices of foodstuffs generally higher, the prices of vegetables have risen sharply. The prices of fowl, however, have fallen. This is due to a number of factors, including a surplus of fowl and a shortage of vegetables.

The prices of vegetables have risen sharply. The prices of fowl, however, have fallen. This is due to a number of factors, including a surplus of fowl and a shortage of vegetables.

INTERPRETS ELECTION

2y MERRYLE STANLEY RUKEYSER
Copyright, 1946, by Universal
N.Y.C.
New York, Nov. 20 -
One of the major obli-
gations of Federal Govern-
ment is to do an intelli-
gent job of fact finding
in respect to the number
of employed and unem-
ployed.

New York, Nov. 20 (AP)—Some divisions of retail and wholesale trade proceeded at the fastest pace thus far in 1936 during the current week, Dun & Bradstreet said today in *The Weekly Review of*

New York, Nov. 20 (US)—Winthrop W. Aldrich appealed last night to an audience, including many of the nation's most powerful industrialists and financiers, to accept the November election as a mandate for continued social and economic reform.

New York Nov. 26. Another echo of the Delaware Supreme Court decision last week voiding the Wison & Co. recapitalization plan was heard in a notice sent by Consolidated Film Industries to its stockholders declaring its proposed similar program in abeyance.

1. better speed of calculation
 2. less dependence on the accuracy of the input data
 3. the possibility of specifying the type of the function to be calculated
 4. the possibility of calculating the error of the calculation
 5. the possibility of calculating the error of the calculation

The very estimated rate was

The election of two weeks ago was an American reflection of a world wide movement that a war and its consequences created, stimulated—the movement yielding up some of the individual's freedom to act in return for increased security.

seems to me is that we perhaps have professed social implications. But in its canons and perhaps in its consequences. An intimate take the ground well away across the country, which was not limited to any section, class or occupation."

—The *Observer*, New York, 1912

"The activities of the individual must be restrained in order that the benefit of all be secured."

4ADE TRENDS

Textiles

LEAD N. E.

Revival

By HUGH E. BRADSHAW

There is a breath of the past for New Englanders in the laconic statement that textiles are leading New England's trade revival.

MARKET

Trend MIXED

ACTIVITY SMALL

New York, Nov. 20.—Stocks flattered rather feebly in today's market and intermittent falling flurries were brief and unconvincing to trading forces.

Larry "The Great" Kelley Ready for Harvard Invasion

Larry "The Great" Kelley Ready for Harvard Invasion

By DAVE EGAN

YALE SPARKPLUG: Larry Kelley, Yale's brilliant captain and All-America end, is the man Harvard must stop tomorrow if it hopes to come through with a great upset and dethrone the Whiffles as a crashing and a-bowling team before they set rolling.

- By JACK CONWAY

Keyed Up for Game Hunt

THEIR NEXT STOP: After an eight-hour trip from Hannover, the Dartmouth squad arrived here shortly after noon on this afternoon. Housed in football hogs and hotel rooms, practice sessions of the season in the Palmer Stadium.

1. The first step is to identify the variables in the model. In this case, the variables are the number of hours worked per week (X) and the number of hours per week that the worker is paid (Y).

2. The second step is to determine the relationship between the variables. In this case, the relationship is linear, and the equation of the line is $Y = 1.5X + 10$.

3. The third step is to calculate the slope of the line. The slope is the change in Y divided by the change in X . In this case, the slope is 1.5.

4. The fourth step is to calculate the intercept of the line. The intercept is the value of Y when X is zero. In this case, the intercept is 10.

5. The fifth step is to use the equation of the line to predict the number of hours per week that the worker is paid for a given number of hours worked per week. For example, if a worker works 20 hours per week, the predicted number of hours per week that the worker is paid is $Y = 1.5(20) + 10 = 40$.

Hanley Picks Green To Beat Tigers

—By L. B. PAT HANLEY—

[illegible]

Hawks Must Be Downed

Worcester, Nov. 26.—It seems to be a foregone conclusion around these parts that something spicy in the nature of a post-season bowl game is in the Holy Cross offing.

Robert Murne (Y) Jas. Gaffney (H) Larry Kelley (Y) Gen. Roberts (H)

B. U. TERRIERS SEEK FIRST VICTORY OVER B. C. EAGLES

Tri-Nation Card Filling

Garden Bouts Next Monday

Finale Harvard Men in Last Game

Bay Staters Near Golf Climax

Tom Keady has filled the card for the 115-pound and 135-pound classes at the international amateur bouts to be held at the Boston Garden next Monday night, when the "cream" of the amateur ranks from Ireland, Canada, Cleveland and Boston will battle for honors in the big Irish-American A. A. F. offering.

With the signing of Gerry Hall, fighting bantam from Ireland, the 115-pound class was complete. Keady and Hays, consensus say that the other three boys in the class will have to be at their very best to gain the award over the Dublin brawler.

Dorie was the Irish juvenile champion last month and thus earned the trip to Boston. He is a strong rugged boxer, and those who have watched him in training at Kelley and Hays' gymnasium say that the other three boys in the class will have to be at their very best to gain the award over the Dublin brawler.

A complete Harvard football team—eleven in all—will be singing their swan song on Fri. night when the two football teams meet in the bowl stadium after dinner.

Only four of the departing Crimson, Captain Gaffney, Bobby Jones, Charles Rosier and Matt McFerson, are regulars. The rest of them, Graham Ford, George Holliman, Phil Staples, Bill W. A. L., George Spring, Tom Choate and Ed Simmons have seen considerable replacement duty.

The Yale, too, suffer from graduation. Seven of the Blue-shirted Commodore will be playing their last varsity football game. Their biggest loss, though, will be that of their leader, Larry Kelley, who has made 13 followers forget the deeds of the Kilpatrick and Hunkley with his sparkling play.

On the other two matches Craig Wood met Tony Minner and Bill Mohrman went out with Jimmy Hays of Gadsden City, Ga.

The Winchester Golf Club pro started out with Jimmy Thompson, the long-shifting ward from Shaw-son-Delaware, Pa., while Shute was paired with Horton Smith of Chicago.

In the other two matches Craig Wood met Tony Minner and Bill Mohrman went out with Jimmy Hays of Gadsden City, Ga.

The other Yale men ending their careers are: Bob Berk with Henry Wright, Bob Curry and Dick Mire of the regular team and Hamilton Law and Bob Morse, substitutes.

Performing up to prearrangement expectations, Thompson moved convincingly into the round of eight. He has improved his play on much as to make him the favorite in what has come to be a really great tournament.

Horton Smith's presence among the eight signifies men among in those who watched him. The lucky fanatical man had a bad third round, a 7-11, but put him on the down to Willie Goggin's first round, a 1-11, but he appeared to be past recalculation.

When Smith and Goggin went out to complete their fourth round, there was no change in the situation after playing four holes. Then things began to shift. Putting his game together Smith won seven of the next 13 holes and Goggin hazy a nerve. For round 13, when Smith put on his annual, only he was four under when he won.

Canadiens Pin Loss on Amerks

Montreal, Nov. 20 (U.S.)—The New York Americans made their first appearance on Montreal ice this season only to have their undefeated sequence of five games brought to a halt by Les Canadiens, 2-1, in a National Hockey League game.

It was a hard game for Red Dutton squad to lose as they had a decided edge in play but the Canadiens succeeded in getting in the most telling shots.

Maroons Wallop Chicago Hawks

Chicago, Nov. 20 (U.S.)—With 1000 men cheering, the Chicago Black Hawks first victory in five games, a 4-0, was secured last night, 4-0, in the Maroon hockey team from Montreal.

Even Chance

Thus the Terrier might seem to have an even chance of finally catching the Eagle.

But the dogpounders and bookmakers figure otherwise. Yale College is a 2 to 1 favorite to make it 12 to 1 in a row.

And the odds make sense, as if football team is ever a 2 to 1 shot, they don't bet on it. The Eagles, you see, are dropping down to 12 to 1 in a row.

Yet, while a Terrier triumph would be a surprise, the B. U. boys are not being downed before they start.

The R. C. name and fame won't state them, but it did more than once in the past. They learned the valuable lesson that the "No-fail" reputation never won a game against Harvard or the Washington F. eleven. And they've never forgotten.

Moreover, the Eagle benches will have one big advantage in that tomorrow's tilt will be the final of the year, whereas it will be just another game in the series for the B. U. campaign to settle whether the B. U. campaign is a success or failure.

However, if Gil Dobie lives up to his promise, the Eagles will be downed before they even leave on the Saturday before the crowd battle.

The new B. C. roster is more interested in victory than he is in tradition.

The Helping Leg Down!

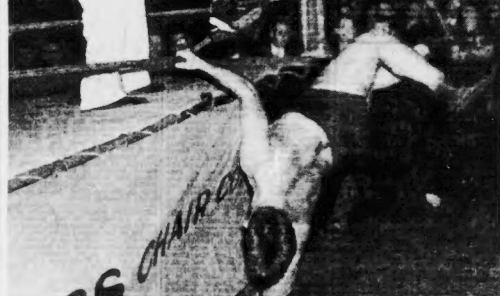

By JOE CASHMAN

The tortoise may have caught the hare once, but never has the Terrier caught the Eagle.

Eleven times Boston University and Boston College have matched speed, brawn and wit on the field of football, and 11 times has B. U. been successively defeated.

But the Back Bay boys firmly believe there are no more defeats. So tomorrow afternoon, up at Fenway Park, they'll stand up for their first win over the Maroon and Gold team from Newton.

Pat Hanley's current edition is generally admitted to be the strongest in B. U. grid history. It will be stronger on the morrow than at any time previous this season. Its record to date is identically the same as that of the Dobie squad: five wins, one tie and one loss.

Everett Marshall, one of the world's heavyweight wrestling champions, is receiving a helping leg from his opponent, George Zaharias. Marshall didn't linger very long in his restful pose, for he leaped back into the ring to pin the "Bad One" and win the bout in Cleveland.

Harvard Jayvees Tackle Yale

New Haven, Nov. 20 (U.S.)—Junior varsity football team, boasting one of the strongest Jayvee squads ever to represent the Cambridge school, and defeated only by Navy last week, meets the visiting Yale Junior varsity team at Yale field today.

Outlets today of Knapp, Jr., Barlow, Jr., Sullivan, Jr., Zim, Jr., Sullivan, Jr., Smith, Jr., Bennett, Jr., Jones, Jr., Jerome, Jr., Phillips, Jr.

The Yale lineup includes: Smith, Jr., Higgins, Jr., Dunning, Jr., Watson, Jr., Fryer, Jr., Felt, Jr., Davis, Jr., Henry, Jr., Gillett, Jr., Nichols, Jr., Bonagola, Jr.

Field Day H-Y Minor Teams Meet Tomorrow

New Haven—A regular sports field day, as a prelude to tomorrow's annual Yale-Yale football contest, is on tap for the rival members of Harvard and Yale's field sports teams.

While a Junior Varsity football game between the Harvard and the Yale is being played on the Yale Field, the Blue's varsity soccer team will be entertaining the Crimson home, and the Junior Varsity and Freshmen teams will follow suit on the soccer fields.

Pat Hanley Picks Green to Win

Continued from page 30

In the running for Blue Bowl competition, Marquette must out-Douglass and they can, but it should be close. Marquette 14 to 7, Northeastern-Lowell Textile—do not bet on the Al McKee's boys to have too much trouble winning their final game. Score 19 to 6.

R. T. R. C. I promise that Boston University will be in their fighting uniforms for all I can say about this game.

MID-WEST

Notre Dame Northwestern—The best game in the country today and I'm picking Notre Dame to knock the Wildcats out of the undefeated class. 12 to 1. It can really go the other way, though.

Purdue—Plenty of rivalry here. Should be very close but will swing along with Indiana 7 to 6.

Minnesota-Wisconsin—Minnesota 27 to 7.

Ohio State-Michigan—Ohio too powerful, 10 to 6.

FAR WEST

Washington-Washington State—A victory for Idaho: Phila's Hawks scores 14 of Washington the West Coast, but to the Rose Bowl. State will be formidable.

Big game two touchdowns away from a tie. A. S. C. A. Here is another tough game and there should be plenty of scoring here. 1 like Southern Cal 20 to 12.

Santa Anita Race Swindle Bared

Los Angeles, Nov. 20 (U.S.)—An intricate uncovered a giant Santa Anita Race Track swindle combine. They seized the race track more than \$1,500,000 in counterfeit banknotes. The swindle, said communists, were being killed today and equity shares, destined to be of four other persons would be made in the near future.

The swindle ring was believed to be connected with a race recently exposed at the Arlington-Denver Race Track in Texas.

Sports Mirror

THREE YEARS AGO—Tom Otter, Michigan star, won 11th running of E. C. A. A. cross country championship in 10 minutes flat.

FIVE YEARS AGO—Tom Otter, Michigan star, won 11th running of E. C. A. A. cross country championship in 10 minutes flat.

SALEM, Haverhill to CLASH WORCESTER AT EVERETT

The schoolboy football menu tomorrow is slim because of the coming Thanksgiving Day program with but a single headline tilt scheduled—to be played at Salem where the Whites meet Haverhill High.

Salem has been a jinx team to all of its opponents this season despite the fact that its record is not as impressive as the power of the team should make it.

The fault was said to be in the slow footing at Bertram field and this may be true. After the first few games the team, as well as the home grounds, has come along fast. Only two defeats have been recorded, the first by the powerful Everett, eleven on distant grounds and the other to Lawrence High. But after those two losses, the Whites proceeded to battle an undefeated Brockton team in a 20 to 20 tie in one of the spectacular games of the season.

Good Paces

Haverhill has one of the strong squads in the state and is a favorite threat for the state title. This team recently swamped the undefeated Lawrence eleven after being held scoreless for the first half.

Much credit had been given to the powerful Brockton, led by the talented Fisher, Thomas and Mitchell, but in the battle with Mark Devlin's team, the line was equally responsible for the win. This forward wall will face its equal at Salem and will have a fine chance to prove its power.

Another motivation for the state championship game into action are Everett High takes on Worcester North.

A disheartened Malden team travels to Arlington to meet 9-0 Otagonia's equally undefeated eleven. Both teams dropped tough decisions last week, Malden to Everett and Arlington to Somerville.

Warren McGuire intends to put his boys through this postponed clash as a warmup for the traditional Thanksgiving Day game with Medford but will meet with plenty of opposition from the Otagonia brothers.

Brockton High will undoubtedly face a stiffer foe in the invading Quincy team than had been hoped for.

The Granite City eleven, in its last game, lost to Pittsburgh only because of its failure to convert the points after touching the end zone this year. Brockton had a hard time putting them down, but they are fighting several two touchdowns against three for the Blue City eleven.
